BULLETIN

This bulletin is one in a series of routine updates regarding Prescription Advantage . These notices are designed to inform a broad network of outreach partners and other interested parties about Plan updates affecting both current and future Plan members.

FPL Change Letters – Non-Medicare Members

Prescription Advantage will implement the new federal poverty guidelines on July 1, 2007. These guidelines establish the membership categories for Prescription Advantage members. Based on a member's reported gross annual household income, these new guidelines may place members in a different membership category with increased benefits.

The rate information in the letter will vary depending on the category the member is placed in. The sample letter attached is for a member in Category 1.

The mailing of these letters started this week and will continue next week to all members, whether or not their membership category is changing. For those members remaining in the same category, the letter serves as a reminder of the level of Prescription Advantage benefits the member receives.
